

Kristin Lukosevic

UX/UI Designer

ABOUT ME

Ambitious UX/UI Designer located in Austin Texas with a background in Veterinary Nursing. Experienced in providing user-friendly, digital-designed, high fidelity prototypes step by step with the UX process. Skilled in problem solving for dynamic solutions. Desiring to exceed in my new career and grow my creativity in the design world.

UX/UI PROJECTS

GPS Fishing Guide to PA • App Redesign • June 2022

- Redesigned 12 mobile screens to solve user concerns
- Created an interactive map, social screen, journal and fish identifier to stand out against other competitor applications
- Developed prototypes and had users test new screens to ensure design satisfied user needs and solved usability problems

Buzz • Pawsative Performance • Delicious Dash | CareerFoundry

- Created Case Studies for three projects, a financial app, a dog training app, and a recipe app
- Designed responsive prototypes of all three projects
- Showcased UX process with User Research, Interviews, Personas, Wireframing, Usability Testing, Prototyping, User Flows and Mockups
- Awarded Best Students work for Pawsative Performance

EDUCATION

UI Design Certification • CareerFoundry • January 2022

- Obtained UX/UI skills in sketch and created 4 projects over 12 months

Frontend Development for Designers • CareerFoundry • January 2022

- Gained knowledge in coding and created a website to showcase my designs

WORK EXPERIENCE

Freelance Designer • June 2022- Present

- Creating beautiful and unique designs based off of clients needs and desires

CVCA Cardiology for Pets • Veterinary Assistant • Oct 2022 - Present

- Directly assist Cardiologists with diagnostic testing and procedures. Addressed client concerns with care and empathy during poor prognosis diagnosis.
