Frontend Development for Designers | CareerFoundry | January 2022
- Received Certification and gained knowledge in coding. Created my own website to showcase all projects made in UI Design course in 1 month

Certified Veterinary Assistant | Middlesex College | August 2014
- Aquired skills/ knowledge in Veterinary Nursing, and Animal Law in 1 year

UI/UX PROJECTS

Buzz, Responsive Financial App | CareerFoundry

Designed a responsive web and mobile app with Sketch. Through user research, competitor analysis, user testing, user flows and style guides, "Buzz" was created. A financial app for couples to sort their personal budget and household finances. behance.net/Buzz

Pawsative Performance Dog Training App | CareerFoundry ★

Created an application for both dog trainers and pet parents using Sketch. With research, problems/solutions, user testing, low, and mid-fidelity wireframes, Pawsative Performance was made in functional forms for both iOS and Android. behance.net/PawsativePerformance

Delicious Dash Responsive Recipe App | CareerFoundry

Developed a cooking platform for users who need a fast, delicious meal. Created user personas, solved usability problems, created user flows, and determined device breakpoints. Delicious Dash is accessible through phones, tablets, laptops, and desktop devices. behance.net/DeliciousDash

WORK EXPERIENCE

CVCA Cardiology | Veterinary Assistant | October 2020 - Present
- Directly assist Cardiologist with patient care including echocardiograms, blood pressures and procedures. Addressed clients with care and empathy during poor prognosis diagnosis'. Maintained softwares for doctor and technician schedule, managed appointment schedule, organized prebooked appointments, and assisted in training newer technicians and assistants.

Animal Eye Center (NJ) - Veterinary Assistant October 2018 - August 2020
- Performed ophthalmic testing such as tear test, fluoresin stain, and tonometry. Anesthetic nurse for cataract, entropion, cherry eye, and many more ophthamic procedures. Managed surgery board and surgery schedule. Trained newer technicians in anesthestic procedures.

AWARDS ★

Pawsative Performace was selected as "Best Student Work" and used as an example for other students to refer to for their design projects.
